Hi Sean.

As you know, the team that could help with this type of presentation is working full bore to get FS Sections 3 and 4 out.

Here is what I can do today for the rapid turn-around without removing those staff from the FS Section critical path work:

Attached is a larger presentation of what we helped Kristine and you put together for the Win Porter visit late last year. I know there are some good slides of some of the items you've mentioned below.

**Please note:** These slides were modified by Kristine for the final presentation to Win Porter, but I don't believe we have the final copy, so I strongly recommend running these by her if you use any of the **text/notes beneath the slides**.

I hope you will find these slides meeting your needs.

Scott

(Cami, attached are a few slides from the kiddo presentation I do at pdx clean water festival now and then, an overview slide, fish pics, yucky outfall pics from the 50s, etc)

Scott, Jet, this is an urgent turnaround for today COB for say less than 1-95 (contractor info) / Ex. 4 to pull together a pptx with the items below.

Since I may be out by the time you prepare these, could you please send to myself and Cami as well.

-Any better site figure/overview/aerials compared to what's attached?

-Scale overlay of Duwamish on Willamette river so that people can get a sense of the size difference (or side by side, same scale?)

-People pictures of people recreating, fishing, sunbathing (Alanna, do you have any you could send?)

Also here's a core photo of napl in the river at Arkema if you would like to add in a bit of shock and awe.

<http://yosemite.epa.gov/R10/CLEANUP.NSF/6d62f9a16e249d7888256db4005fa293/8172e7cf5715c9fa882570>

Nice napl photo from Gasco:

<http://yosemite.epa.gov/R10/CLEANUP.NSF/6d62f9a16e249d7888256db4005fa293/88d69f66093017de88256e>

People anchored and sunbathing at the Arkema/RP beach (sorry I took the photo from the train)

<http://yosemite.epa.gov/r10/CLEANUP.NSF/6d62f9a16e249d7888256db4005fa293/8172e7cf5715c9fa8825708>

<http://yosemite.epa.gov/r10/CLEANUP.NSF/6d62f9a16e249d7888256db4005fa293/8172e7cf5715c9fa8825708>

Thank you.

S
